Who's covered under a family plan?

Our generous definition of family means family plan coverage extends to the employee's spouse, kids of all ages, and anyone living "under roof, under wallet." Dependents who live within the employee's household, or the employee supports financially, are eligible to enroll at any age. Deceased family members can also be added; if a deceased loved one is or was the victim of account takeover or fraud, we'll fully remediate it. And now with a Pro+ or Pro+ Cyber family plan, coverage also includes participant's parents, in-laws, and grandparents over the age of 65 — regardless of where they live or whether they receive any financial support from the participant.**
