The screenshot shows a mobile application interface for 'Health Details'. At the top, there is a navigation bar with a back arrow on the left, the text 'Step 6 of 8' in the center, and a 'Cancel' button on the right. The main content area is titled 'Health Details' and contains three questions, each with two radio button options: 'Yes' and 'No'. The questions are: 'Are you taking any medications?', 'Are you allergic to any medications?', and 'Any known medical conditions?'. At the bottom center, there is a blue 'Continue' button.

A few things to keep in mind...

- Video visits are not appropriate for all issues. The EAP Representative will let you know if your issue qualifies for LHO EAP.
- EAP counselors do not prescribe medication.
- You must enter the EAP coupon code to zero out the fee for your LHO visit.
- You may use your computer, a smartphone or tablet for your visit provided audio/visual is available. Be sure to test your device prior to your first appointment.
- Members must be at least 10 years old to participate in LHO visits.
- When the 3 EAP video visits are completed, you may continue to see the same provider using LHO Psychology under your medical plan if you have coverage. Deductibles and copays will apply.
- You will receive a reminder email prior to your visit.

Why consider LiveHealth Online video visits?

- You won't have to sit in a provider's office waiting to be seen.
- Chances are you'll be seen sooner than waiting for a face-to-face office visit.
- There is no need to travel during inclement weather and you'll save on travel time too.
- You can be seen for your visit in the comfort of your own home or anywhere there is intranet and privacy.
- It's easy and convenient!
